

# Change Notification CCN#1006

---

**To:** CPC Customers  
**From:** Rahul Jairam, Product Manager  
**Subject:** New Facility and Cleanroom Manufacturing Space  
Follow-up and Addendum to March 31, 2022 Notification (CCN#1004)  
**Recommended Action:** None – For informational purposes only  
**Date:** September 30, 2022

---

### Description of Change

CPC is building a new facility in Arden Hills, Minn., to supplement and expand our production capacity. This facility will become the new shipping location for select CPC products manufactured in CPC's ISO Class VII facility in Minneapolis. We expect to begin shipping from the Arden Hills facility in January 2023. This change will be reflected on future product Certificates.

### Affected Products

Select ISO Class VII produced products. See Appendix A for affected products.

### Reason for Change

To accommodate CPC's continued growth and streamline operations.

### Implementation Date

Shipping from the new facility is scheduled to begin in January 2023.

### Additional Information

CPC previously communicated in CCN#1004 that select ISO Class VII produced products (listed in Appendix A) would be manufactured at the Arden Hills facility. As a result of operational efficiency improvements, CPC will not be shifting production sites for these products. The products listed in Appendix A will remain at their current cleanroom facility.

Only warehousing and shipping of the items in Appendix A will be transferred to the Arden Hills facility.

CPC will continue with quality system certifications to ISO 9001:2015 and ISO 13485:2016. The new facility will be audited and added to CPC's master ISO certifications.

For additional information or questions, please email me at [rahul.jairam@colder.com](mailto:rahul.jairam@colder.com).

Sincerely,

Rahul Jairam  
Product Manager, Core
