## EU RoHS Declaration – Standard Products

To: Our Valued Customer

The purpose of this statement is to provide information regarding EU Directive 2002/95/EC and its subsequent amendments as specified by EU Directives 2011/65/EU and 2015/863 (RoHS) for the product lines and modified standards listed on page 2 of this document.

Based on a review of current information provided by our direct and indirect suppliers, CPC can report that any plated brass present in these product lines falls under RoHS exemption 6(c). The other materials used in these product lines are not expected to contain the 10 restricted substances above the thresholds specified by the RoHS Directives.

This information is provided in good faith and is believed to be accurate as of the date of this letter based on a review of current composition and information supplied by our vendors. Please be aware that CPC does not specifically analyze for the presence of these substances.

Thank you for your interest in CPC quick disconnect couplings and connections. CPC looks forward to continuing our support of your application(s).

Sincerely,

*Simmi Sethi*
